"We are proud to have partnered with Caplin Point, their injectable drug product development and manufacturing capabilities are impressive, and their support has been key to meet this approval timeline. Caplin Point's Chairman C.C.Paarthipan added *"This is the first ANDA that has been approved from our injectable site, and we appreciate Cycle's constant support during the entire process. It is the first of many more milestones to be covered from our entry into the regulated markets.
